- E. TIE BIDS: In the case of tied or identical bids, City reserves the right to award the bid based on additional criteria. If a tied bid is not rejected for any reason as described in Section I F, Bid Award, then any additional costs described in the "Specific Deviations" will be used to determine the lowest responsive bidder. If considering additional costs as described in the "Specific Deviations" still doesn't produce a winning bidder, then any exceptions or conditions described in the "Specific Deviations" will be considered in an effort to determine the lowest responsive bidder. If the latter still fails to produce a winning bidder, then City Council, in its discretion, may accept the one it chooses, or accept the lowest bid made by and after negotiation with the tie bidders at the time of the bid opening.
- F. BID AWARD: The bidder that meets the specifications and submits the lowest overall bid price will be awarded the bid by City, assuming the bid is determined to be complete and in compliance with the bid requirements. City has the right to delete terms or options from the bid contract documents and reserves the right to reject any and all bids and to waive irregularities in said bids. The following is a non-inclusive list of criteria that must be used in award of the bid:
